## Factoring Service

Waiting weeks or months to be paid for loads hauled can put a big strain on day-to-day business operations, but factoring transportation invoices increases cash flow and enables companies to meet their expense needs and grow their business. In addition to fast payments, clients receive ongoing assistance and credit analyst support.

- ▶ Improve business cash flow without adding debt
- ▶ Access online reporting
- ▶ Receive collection support
- ▶ Eliminate the worry of payment delays

A transportation or truck factoring program through T-Chek\* is easy; simply send in the freight bill and get paid the same day. As soon as freight bills are received, money will be directly deposited into the specified bank or [fuel card account](#). Join the hundreds of trucking companies who benefit from low transportation factoring rates while working with a company that understands transportation and the trucking industry.

## Factoring Service

**Timely reporting.** Secure online reporting is available 24 hours a day. Clients can also receive daily transaction reporting, via e-mail or fax, with information on any account activity occurring that business day.

**High cash advance percentages.** Put more money to work for the business by receiving 90% or more of the freight invoice value.

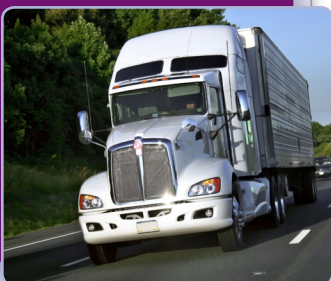

**Get cash fast.** Truck fleets are funded the same day invoices are received.

**Collection support.** A dedicated invoice collection specialist is assigned to accounts to contact debtors who are over-due on payments. The specialist works with truck fleet's customers respectfully to maintain the relationship a carrier has with the customer.

**Smart business decisions.** Credit analysts can provide credit and payment histories of freight brokers and shippers. This service allows clients the luxury of only accepting loads from customers with credible payment histories.

**Credit discipline.** Fleet operators gain an understanding of how loads are found and the importance of working with brokers and shippers who have an established payment and credit history.

\* T-Chek offers a factoring service through a third party. A signed agreement is required with the third party and the services are subject to their terms and conditions.
